ALLERGEN GUIDE
AUTUMN 2026

IMPORTANT ALLERGEN INFORMATION TO HELP YOU MAKE YOUR DECISION

Please take some time to read the important information at the front of the guide and please tell us about your allergy before ordering. Please also remember to check this guide every time as our dish descriptions don't always mention every single ingredient and recipes do change from time to time.

This guide has been developed to help you make a safe and informed choice about our food but if you have any concerns, please talk to a member of staff, click on contact us on our website, or email info@askitalian.co.uk

How We look After Our Customers With Allergies:

We want all of our customers to feel relaxed eating at ASK Italian so we take very seriously our responsibility towards looking after our guests with food allergies and dietary requirements. We proactively ask customers about allergies and have allocated allergen managers to ensure a safe process, from order through to serving. We also provide allergen filtering through Pronto order, our digital table ordering system.

Delivery: For Click & Collect and Delivery Orders, we can't currently cater for allergies or specific dietary requirements. Please come and visit one of our restaurants to order in person or dine in with us.

Which allergens are covered within this guide?

This allergen guide covers the 14 allergens specified by the EU Food Information Regulations*. It lists what allergenic ingredients are contained in each of our dishes and shows which are suitable for vegan and vegetarian diets.

We also include 'may contain' warnings from our suppliers. (This is where an allergen is not in a recipe or intentionally in a dish, but where the manufacturer of an ingredient believes that cross-contact may still be a risk). However, please bear in mind that our busy kitchens handle numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free.**

Unfortunately, allergen segregation is not possible in our fryers and boilers. This is detailed in the allergen guide, so, please just check the comments on each dish before ordering. Please note our non-gluten pasta is always cooked separately to order. None of our dishes are gluten free so they may not be suitable for coeliacs.

Allergens contained within our condiments & extra toppings are not included in this information. So, the cheese offered at your table for example contains milk and will alter the suitability of your dish.

Our vegan dishes are made with care to a vegan recipe. However, due to cross contact at our suppliers and in our busy kitchens, these dishes are not necessarily suitable for those with allergies.

*in accordance with the EU Food Information Regulations only cashew nuts, almonds, hazelnuts, walnuts, Brazil nuts, pistachio nuts, macadamia nuts and pecan nuts are covered under the "nuts" column on our allergen guide therefore ingredients such as pine nuts (pine kernels) or chestnuts are not covered.

**where a dish contains cereals containing gluten or tree nuts, please note additional species may contains are not covered.

What if I have an allergy outside the 14?

We recognise that some people want to avoid many other food ingredients and we now provide the full ingredient declarations for a select number of our dishes. Please scan the QR code at the back of this guide to take you to the Ingredient Information List. If you are unable to find a dish suitable for your dietary requirements here, we advise you not to order. However, as you know more about your allergy than we do, we will leave it up to you if you want to proceed.

Please bear in mind though that due to the seriousness of allergies and food intolerances, our restaurant teams will not be able to help select dishes and they do not hold full ingredient information on any other menu items. Alternatively, if you let our head office know your dietary requirements in advance of your visit they will try to help you with your dish choices. Click on contact us on our website or email info@askitalian.co.uk

We are committed to continually reviewing and improving our processes around allergies and dietary requirements and we are working on a solution that will enhance our ability to provide even more detailed ingredient and allergen information in the near future.

Please remember to check this guide every time as our dish descriptions don't always mention every single ingredient and recipes do change from time to time.

PLEASE SEE NEXT PAGE FOR ALLERGEN FAQ'S

FREQUENTLY ASKED QUESTIONS - ALLERGENS

Which are the 14 allergens covered within your allergen guide?
Celery, Cereals containing Gluten, Crustaceans, Egg, Fish, Lupin, Milk, Molluscs, Mustard, Peanuts, Sesame, Soya, Sulphites and Tree Nuts.

Can you guarantee my food will be allergen free?
No, we can't guarantee that any of the dishes on our menu will be allergen free as our kitchens are busy places where we handle numerous ingredients and allergens, therefore cross-contact is always possible. We cook a range of items in our fryers and boilers and are unable to cook these items separately for customers with allergies and intolerances. In addition, some of our ingredients come from suppliers who put 'may contain' warnings on their products. This is where the manufacturer believes that traces of allergens may be present.

Do you pass on supplier 'May Contain' warnings?
Yes, we do. Supplier may contain warnings are highlighted with an asterisk*. However, please bear in mind that our busy kitchens handle numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free. Please note, where a dish contains cereals containing gluten or tree nuts, additional may contains species are not covered.

How can a dish be labelled vegan if it may contain milk, eggs, crustaceans, fish or molluscs?
Vegan food can be prepared in factories and areas where products of animal origin may be present. This could mean that some vegan food products could unintentionally contain allergens. You can read more about this on the Food Standards Agency website https://www.food.gov.uk/safety-hygiene/vegan-food-and-allergens.

I'm allergic to dairy/milk, can I use the vegan menu?
Our vegan dishes are made with care to a vegan recipe. However, due to cross-contact at our suppliers and in our busy kitchens, these dishes are not necessarily suitable for those with allergies. Please refer to the allergen tables.

How can a dish be labelled Non-Gluten if it may contain cereals containing gluten?
Our Non-Gluten dishes are recipes that do not intentionally contain gluten. Some of these recipes therefore have manufacturer's may contains warnings for gluten and there is also the risk of cross-contact in our busy kitchens. For these reasons, we do not label these dishes as gluten free so they may not be suitable for coeliacs.

I am Coeliac, what can I eat?
None of our dishes are gluten free but many of our pastas can be made with our non-gluten containing fusilli. Our Pizzas can also be made with our circular non-gluten containing base.

Is your non-gluten pasta cooked separately?
Yes, our non-gluten containing fusilli is cooked separately to order.

Are you able to alter dishes to make it safe for my allergy?
As part of our allergen policy, we are unable to make modifications to dishes to remove allergens. Sometimes the allergen is hidden in ingredients such as stocks and sauces. Please use the allergen table to choose a dish that is suitable for you. However, you are welcome to remove ingredients or add suitable ingredients to dishes that don't contain the allergen you are trying to avoid.

How will I know that the dish served to me is suitable for my allergy?
Provided you make us aware of your allergy, we will take extra care preparing your dish and it will be brought to you by an Allergen Manager who will confirm your order. Dishes for customers with allergies, vegans and those requiring non-gluten dishes will be marked with a sticker.

I have a nut allergy. Which nuts are covered in the allergen guide?
In accordance with the EU Food Information Regulations only cashew nuts, almonds, hazelnuts, walnuts, Brazil nuts, pistachio nuts, macadamia nuts and pecan nuts are covered under the "nuts" column on our allergen guide. Therefore ingredients such as pine nuts (pine kernels) or chestnuts are not covered.

Which cheeses are pasteurised?
All of our cheeses are pasteurised.

Why are your lemons not suitable for vegans?
Some lemons are waxed to maintain their appearance. Waxes may be made from shellac or beeswax, which is not strictly vegan.

Is the cheese served at the table vegetarian?
Yes, the cheese served at your table is suitable for vegetarians.

PLEASE SEE NEXT PAGE FOR CROSS-CONTACT INFORMATION

CROSS-CONTACT INFORMATION

Items fried in our fryers* may come into contact with: Celery, Crustaceans, Eggs, Fish, Gluten (Barley, Wheat), Milk, Molluscs, Mustard, Soya, Sulphites

* We fry a range of items in our fryers and are unfortunately unable to fry items separately for customers with allergies and intolerances. Please note that we do have separate vegetarian and non-vegetarian fryers. However, these are in close proximity to each other, and we are therefore unable to guarantee full oil segregation. In order to protect those with allergies, we have combined the cross-contact information from both the vegetarian and non-vegetarian fryers.

Items that are cooked in our pasta boilers may come into contact with: Eggs, Gluten (Wheat)**

**Due to the way we cook our pastas in our small, busy kitchens, we are unfortunately unable to guarantee that there will be no cross-contact with other allergens. Our vegan dishes are made to care to a vegan recipe, however, may not be suitable for those with allergies. Our non-gluten pastas are cooked separately to order and this is detailed beside relevant dishes in the allergen tables.

HAVE AN ALLERGY?

Please check our allergen menu and let us know, even if you have had the dish before.

Unfortunately, allergen segregation is not possible in our fryers and boilers. This is detailed in the allergen guide, so, please just check the comments on each dish before ordering. May contains warnings from our manufacturers can be found in our allergen guide. Please note our non-gluten pasta is always cooked separately to order. None of our dishes are gluten free so they may not be suitable for coeliacs.

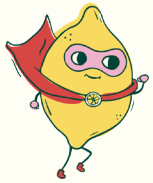

Adults need around 2,000 kcal a day.

Our dish descriptions don't always mention every single ingredient. If you have a food allergy, intolerance, or coeliac disease – please take a look at our allergen menu and let a team member know before placing an order, even if you have had the dish before. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that our dishes will be allergen free. Please refer to the allergen menu for more information. Keep an eye out for any stray olive stones, seafood shells or little fishbones. V - suitable for vegetarians. Make this Vegan – ask for the 'Vegan' option when placing your order. Our vegan dishes are made with care to a vegan recipe. However, due to cross contact at our suppliers and in our busy kitchens, these dishes are not necessarily suitable for those with allergies. FULL INGREDIENTS LIST MENU

Our main allergen guide covers the 14 allergens specified by the EU Food Information Regulations. However, we understand that people may want to avoid other food ingredients, therefore this menu shows the full ingredient declarations of a select number of our dishes. Please use this guide to inform your choice however we are unable to provide full information about our suppliers' allergen risks, including cross contact. In addition, our kitchens handle numerous ingredients and allergens and it is not possible for us to guarantee that our dishes will be allergen free.

Please check this information every time you visit our restaurant as we may have changed the recipe or the ingredients of one or more of our dishes.

If you are unable to find a dish suitable for your dietary requirements here, we advise you not to order. However, as you know more about your allergy than we do, we will leave it up to you if you want to proceed. Please bear in mind though that due to the seriousness of allergies and food intolerances, our restaurant teams will not be able to help select dishes and they do not hold full ingredient information on any other menu items. Alternatively, if you let our head office know your dietary requirements in advance of your visit they will try to help you with your dish choices.
